She was one of the first prize pair of cows at the Royal Northern in 1856, and for her daughter, the handsome Lancaster 25th, Mr. Barclay of Keavil gave 150 guineas. She was in calf at the time and in April, 1862, gave birth to triplets—three heifers, two of which, Anne of Lancaster and Mary of Lancaster, won prizes at Kelso as yearlings. Mary of Lancaster subsequently became the dam of Imp. Baron Booth of Lancaster, the great show and breeding bull owned by J. H. Pickrell that sired the first bull ever bred in Illinois to sell for \$3,000.

IMP. ROSE OF SHARON—Was bred by Thomas Bates, Kirklevington, England, and imported in 1836 by the Ohio Importing Co. From this famous cow has descended one of the finest tribes of cattle known to the breeders of the world. This tribe became famous in the hands of the late Abram Renick of Kentucky. He sold at one time six females for exportation to England at an average of \$3,600, and would not price any females to remain in this country until just previous to his death. Along in the '70s his bulls sold readily at from \$500 to \$2,000 to head Short-Horn herds. If he had four bull calves he preferred to send three of them to the butchers, and sell the best one for \$2,000 than to sell the four for \$500 each.

DIAMOND'S BEST—Got by the Scotch bull Diamond Rex 205067, out of Blush Rose by Imp. Banker 130857, tracing to the Bates bred cow Imp. Wild Eyes 34th by 11th Duke of Oxford (21605).

THE SECRET FAMILY—Was held in great esteem by Mr. Cruickshank and at the time of the dispersion of his herd there were some excellent specimens of this tribe. They descend from the cow Sympathy (by Duke of Athol) a cow bought at Mr. Tanqueray's sale in 1855. Among others she produced two heifers, Splendid and Splendor, which Mr. Sanders says were a robust pair and full of substance and their descendants were retained at Sittyton.

**IMP. YOUNG MARY**—One of the most remarkable cows ever imported. She was sold at the Ohio Imp. Co's. sale October 29, 1836, with her daughter Pocahontas for \$1500; was a large cow but not strictly of show yard character, an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were got by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can with pride point out some of his best cattle as being Young Mary's.

I have made the study of pedigrees a life work. All you need to send me is short form pedigrees. I have held a great many sales myself and know that catalogs should be gotten out in good time.
